Dr MM Singh
HOD, Management & Humanities
NIT Itanagar

Pradyut Bhattacharjee
Theme Lead
Buddha Institute

Igniting Hearts & Minds for development entrepreneurship aims to increase Social awareness among talented youth. Students get to know know about the opportunities of the social entrepreneurship, social sector & how it's bringing change within the community. The workshop facilitates the Student to start exploring the social sector through different ways such as entrepreneurship, rural immersions, internships, volunteering, or choosing a professional career. If the students do not choose to engage in the Social sector also, they will be more socially conscious in their respective organizations contributing in their way, appreciating & supporting organizations working for the society. Socially Conscious Youth is an Initiative of Buddha Institute, supported by the Ford Foundation, and implemented in partnership with RCRC. Our vision is to build a modern, inclusive India and a modern, inclusive world. Socially Conscious Youth Initiative grows leaders of tomorrow, who will build such an India, such a world.
